Dear Mike:

It is with great pleasure that I write to inform you of your admission to the Class of 1982 which will enter Stanford University this September. Information regarding your application for financial assistance is enclosed.

On behalf of the members of this academic community, I commend you on your impressive personal and scholastic accomplishments. At the same time, we would like you to know that our desire to have you enroll at Stanford is based as much on our confidence in your future potential as on our evaluation of your past record.

From the nearly eleven thousand applicants for admission this year, we think we have selected a freshman class whose members will not only make the most of the opportunities for personal and intellectual growth offered by Stanford but who also will have much to contribute to each other and to the University. We are anxious for you to become a member of that class.

I fully realize the significance to you of the decision you must make within the next several weeks and trust you will let us know if there are any questions with which we might be helpful. Please complete and return the enclosed Enrollment Response Card no later than May 1.

We hope we'll see you at Stanford next fall.

Sincerely,

Fred A. Hargadon
Dean of Admissions
